# Outdoor Unit

# NO LEMON Guarantee

We understand the fear of a major home improvement that involves selecting the correct HVAC contractor and equipment options. At the end of the day you deserve assurances that give you peace of mind about the company and equipment you choose. For that reason, Sunshine Air Conditioning guarantees this for our new system buyers: if the compressor in your new qualifying Carrier air conditioner or heat pump fails in the first five years, upon request, we will replace your entire outdoor unit with a new one completely free of charge as long as you remain a member of the Sunshine Air Conditioning Comfort Club. Allow us to take the risk off your shoulders and put it where it belongs – **on ours!** *This guarantee applies to replacement systems only.*

## Gas Furnace

## NO LEMON Guarantee

Just like the outdoor unit guarantee, we provide the same assurance with the most expensive part of a gas furnace – the heat exchanger. If the heat exchanger in your new qualifying Carrier gas furnace fails in the first five years, upon request, we will replace your entire gas furnace unit with a new one completely free of charge as long as you remain a member of the Sunshine Air Conditioning Comfort Club.
